

*M*ISSION STATEMENT

To provide excellence in a caring, empathetic environment expressed through our attention to detail and consideration toward individual needs.

*P*HILOSOPHY STATEMENT

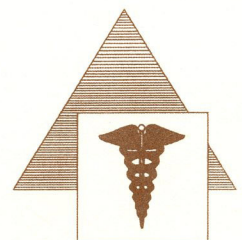

Treatment dictated by patient need, maximizing predictable longevity and conservation of tooth structure where indicated, while offering alternative options to definitive treatment in the interest of respecting patient autonomy. Patient involvement through two-way communication and full disclosure is an essential ingredient in achieving patient satisfaction, minimizing confusion and fostering a long-term relationship through trust.
